

Board of Health Press Release - 5/25/2020

On behalf of the Stoneham Board of Health, we would like to wish the residents of Stoneham a Happy Memorial Day! As we reflect on our fallen heroes and loved ones, we must also reflect and remember those we have lost due to COVID-19. Businesses and recreational areas are beginning to reopen, and the Board of Health asks all residents to remain vigilant and respectful of one another as restrictions begin to loosen. Public Health metrics in the Commonwealth continue to trend in a very positive direction, including infection rate, as well as mortality and morbidity rates. We can only hope that these metrics continue to trend in the right direction. We, as residents of Stoneham and the Commonwealth, can continue to play our parts by covering our mouths in public, practicing proper hygiene, and social distancing when possible. For information regarding certain businesses, as well as mandatory safety requirements for these businesses, please refer to the following [link](#), and continue to look for updates from the MA Department of Public Health, Department of Labor Standards, and the Stoneham Board of Health.

If you are in need of a mask, please contact the Board of Health at 781-279-2621 to be placed on the list for pick-ups. Pick ups are scheduled for every Thursday, while supplies last, at the Stoneham Senior Center. If you are home-bound, or unable to arrange a pick-up, please make arrangements for delivery with the Stoneham Senior Center at 781-438-1157. We ask that if at all possible, pick-ups should be arranged.

New links have been added to the menu bar at left of the page, including the above link for business reopening information, as well as metrics regarding the Town of Stoneham's responses to COVID-19 over the last several months.

Please be sure to sign up for updates by clicking the flashing red circle at the top left of the page.
